Forecast For Wales
Issued by Met Office Exeter
at 0400 on Monday 30 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry with the best of the sunshine in the west.

Today:
After a cloudy start for most, cloud will lift to give brighter spells in the afternoon. The best of the sunshine towards the west. Generally feeling cooler but pleasant under the sun. Maximum temperature 20 deg C (68 deg F).

Tonight:
A dry evening with some clear spells allowing for late sunshine. Turning cloudier overnight from the east with the odd spot of drizzle possible, feeling chilly in the west. Minimum temperature 8 deg C (46 deg F).

Tuesday:
Rather cloudy with the odd spot of light rain possible in the morning. Brighter spells will develop at times during the afternoon as cloud gradually breaks. Maximum temperature 19 deg C (66 deg F).

Outlook for Wednesday to Friday:
Often cloudy and dry with only a few sunny spells throughout the period. Feeling pleasant in any sunshine, but cooler under the cloud. Some chilly nights possible.
